

September 1, 2018

Dear Alpha Psi Maine sisters,

Perhaps, like me, you are enjoying this cooler, drier air that “feels like fall.” Whether active or retired or a little bit of both, I wish you all the vigor and color of this new season.

Since agreeing to coordinate the Memorabilia room at our 75th Supreme Celebration, I have stored many items that now need to find loving homes. At our August 9th Alpha Psi Maine Administrative Board meeting, it was decided to give chapters “first dibs” on these treasures. **So please peruse the items on the list that follows and discuss their possibilities at your September meeting.** Some descriptions are followed by dollar amounts in parentheses; this is the current list price from International. Any items can be claimed and requests will be honored on a **first come, first serve basis** this October at Fall Workshop.

If anyone wants one of these treasures, all you have to do is **contact me.**

Perhaps not all items will be claimed. Because further distribution of unclaimed items **MAY** involve the exchange of money, the Alpha Psi Executive Board will make decisions in October about what to do with these unclaimed items and the money earned from them. For example, the leftover treasures may be “auctioned off,” given to International as gifts, or sold to antique dealers. Any monetary proceeds would benefit an Alpha Psi Maine fundraising cause such as Scholarship, Founders Fund, or Clara Soule. So please come to Fall Workshop prepared for an opportunity to possibly acquire a piece of DKG history!

This information is also being sent to our chapter presidents.

In the event that we have a new chapter, a few items have been set aside for that purpose.

Thank you for supporting our attempts to put these items into the hands of just the right people.

See you at the Hutchinson Center on October 20th!

Sincerely,

Mary Hyland, Alpha Psi Maine 2VP
