

June 30th, 2022

Dear Chapter Presidents,

This is it – your last official day of serving your chapter for the 2020-2022 biennium. And what a time it has been...

When Cathy Daugherty visited us for our Spring Convention, her comments were many and valuable. However, at this very moment in time, I am specifically thinking about what Cathy said regarding the most experienced leader among us. Who is that? The woman who has just finished her term as an outgoing officer!

Madame President, that's Y-O-U.

And you did it.

All during a time when our meetings were virtual or not at all. You kept your chapter together at a time when moving forward was nearly impossible, and while many of you were still navigating the waters of virtual and/or hybrid and /or in-person classrooms. So many teachers made that happen almost overnight. Of course! It's what strong women do! Creativity and determination kick in when most needed.

As Maine S.O. looks to this next year and beyond, we will call on your expertise and experience to keep us renewing, responding, and relating. Chapters ARE the lifeline of this organization and together, we can keep the DKG mission and purposes alive.

Yes, we are fully aware that many of you will be continuing on as Chapter President – much appreciated!!!!

On behalf of all of us and from the bottom of my own heart, I cannot thank-you enough for your loyalty and support.

Sincerely,

Mary
