

April 21, 2022

Dear Chapter Presidents,

We are one week out from Convention and I trust that we are all still breathing!

Here's the latest:

Are you getting Crystal Ward's emails and sharing them with your members? If you are NOT, please let her know. She has told me that some emails are getting bumped back to her, so I am trying to get to the bottom of that.

Since we have not had an in-person Convention in 3 years, I'll admit that I am having some challenges remembering all the little details that have not been written down somewhere for us to follow. I know that I am surrounded by strong and capable women, so please accept my apologies if it appears that I am bugging you with reminders. My motive is to be helpful, especially if your memory is also challenged. I had a principal who once said that his job is to make his teachers' jobs easier; I am trying to follow those words.

Although I have heard from quite a few people, we are still recruiting chorus members. Rena Kearney and Sue Stevens have put together a fabulous plan, and the more the merrier.

Please be sure that Donna Kennison has at least a little bit of biographical-type information on your incoming presidents, esp. if that incoming president is not you. We are finalizing our Installation plan.

If you are looking at a chapter schedule for workshops/conventions, please be sure that you are looking at the one dated April 2021. It will be updated again ASAP to reflect the merger of Xi back into Kappa.

If you are looking for copies of the proposed changes to standing rules/by-laws on our website, please go to "more" and then those proposals are under both By-laws AND Standing Rules.

And finally, I trust that you are coming to our Convention with a celebration mindset! Let's take care of important business and have some fun. Work hard, play hard.

THANK-YOU!!!!

Sincerely,
Mary
